	Suggested public price
ROPES	

ACTIVE LINE

9,5mm ZENITH

Lightweight, performance orientated single rope for use at the crag. Its diameter makes the ZENITH 9.5 run smoothly through karabiners, therefore making it easy

Colours : Blue (B) - **Solid Pink (SP)**

BC095Z.200.col	200m	449 CHF
BC095Z.50.col	50m	113 CHF
BC095Z.60.col	60m	135 CHF
BC095Z.70.col	70m	158 CHF
BC095Z.80.col	80m	180 CHF

9,8mm KARMA

As an intermediate cragging rope, the KARMA 9.8 helps you to get used to smaller rope diameters. It offers the perfect compromise between handling and thinness

Colours : Yellow (Y) - **Solid Orange (SO)**

BC098K.200.col	200m	449 CHF
BC098K.50.col	50m	113 CHF

BC083L.602.GP	2 x 60m	255 CHF

9,8mm DIABLO UNICORE

After DIABLO 10.2 UNICORE, BEAL has developed the DIABLO 9.8 UNICORE for more demanding climbers. Due to its very fluid running sheath the 9.8 DIABLO UNICORE performs even better when pulling slack and clipping than 'classic' ropes of smaller diameter and lower weight.

Colour: Red (R)

BC098D.50.R	50m	179 CHF
BC098D.60.R	60m	215 CHF
BC098D.70.R	70m	250 CHF
BC098D.80.R	80m	286 CHF

10,2mm DIABLO UNICORE

DIABLO 10.2 UNICORE is the first outdoor use dynamic rope to receive the UNICORE treatment. Its diameter will provide reassurance to the majority of climbers, while its slick sheath and supple handling give the sensation of using a much thinner rope. This rope is good for all, being effective for the leader and

ROPE BAGS

FOLIO

FOLIO protects the rope during transport and from the ground. It eliminates coiling, reduces twisting and removes the risk of knots when belaying the leader.

Colours : Orange (O), Blue (B)
BSAC.F.col capacity: 35L 530g **36 CHF**

COMBI

A rope bag as easy to carry as a rucsac and just as practical as a travel bag.

Colours : Grey (GY), Blue (B), Turquoise (T)
BSAC.COMBI.col capacity: 45L 475g **45 CHF**

COMBI CLIFF

Rope bag beautifully designed to carry your rope and the rest of your climbing gear. Its integral ground mat of 145 x 90 cm has handles so that the rope can be carried from route to route ready to use and also to identify each extremity in order to find them easily for the next trip.

Colours : Orange
BSAC.CF.O capacity: 45L 835g **58 CHF**

HYDRO BAG

40L backpack made of PVC material for canyoning. Adapted for long approaches thanks to its comfortable padded back and shoulder straps, it is equipped with a hip and sternum belt for better stability when carrying. The HYDRO BAG has multiple drain holes on the sides and bottom for optimized water evacuation. Its bottom is consolidated for better durability and protection against abrasion. In case of emergency, it's possible to eject the bag thanks to the shoulder straps

BSAC.HYDRO capacity: 40L 1130g 117 CHF

SWING KIT

17L double opening rope bag for canyoning. One side can be used to set up the anchor line, while the other side can be used to set up the rope for descent. The SWING KIT double opening means the whole operation becomes easier and safer to use by optimizing weight and avoiding tangles.

BSAC.SWING capacity: 17L 500g 75 CHF

ROPE OUT

Rope carrying bag for glacier courses & mountaineering. It replaces the uncomfortable rope rings around the chest. It allows to give slack quickly and it can be thr

CHALK BAGS

COCOON CLIC-CLAC

An end to tediously undoing the chalk bag string. Thanks to a new clic-clac patented system, opening the cocoon is instantaneous. You can now close your bag hermetically in mid-route with just one hand. And once opened, it's big enough to take your entire hand.

Colours : Red (R), Blue (B), Black (BK), Green (G), Orange (O), Fuchsia (F)
BSAC.M.col 29 CHF

MAXI COCOON

The rigid and unbreakable ring that forms its opening allows the bag to remain wide open for easy access to the chalk.

Colours : Red (R), Blue (B), Black (BK), Green (G), Orange (O), Fuchsia (F)
BSAC.MX.col 26 CHF

MONSTER COCOON

A very big chalkbag perfect for bouldering sessions.

Colours : Green (G), Orange (O)
BSAC.MXL.col 60 CHF

WARM-UP

Silicone balls of differing hardnesses for pre-climb warm up of hands and fingers.

WARM-UP Easy - Yellow	BWARM.Y	17 CHF
WARM-UP Medium - Green	BWARM.G	17 CHF
WARM-UP Hard - Blue	BWARM.B	17 CHF

RING'O

A very lightweight split-ring which allows efficient storage of the rope at each belay. An end to ropes which tangle at the belay, or long buckles that catch on the rock.

BRING	36 CHF
-------	--------

ROPE TAPE

ROPE TAPE 10m	BRT	12 CHF
---------------	-----	--------

ROPE END

The kit consists of non-rotting labels and heat-shrink sheath to allow you to replace old rope endings, but more importantly to let you establish your own rope traceability. The label is non-tear and waterproof, the heatshrink cover is very abrasion resistant.

ROPE END KIT	BRE	16 CHF
ROPE END KIT XL	BREP	37 CHF

NFC CHIPS

NFC is a new standard in RFID chips, ultra compact and flat, compatible with most new generation Smartphones, or any NFC external reader.

NFC CHIPS x20	BNFC	37 CHF
---------------	------	--------

ROPE BRUSH

A brush specifically created to clean ropes. Adapts easily to different diameters. Twist the brush onto the rope then run the rope through the brush while holding it taut.

BRB	23 CHF
-----	--------

ROPE CLEANER

Non-aggressive detergent developed to clean ropes and harnesses easily. Will not damage polyamide – water temperature < 30° C.

BRC	18 CHF
-----	--------

ROPE MARKER

BEAL has developed a special ink for marking ropes, in the middle as well as at the ends. This ink hardly stiffens the rope, is water resistant, and stands up to abrasion.
